

Tri-County Airport Authority

1983 Tri-County Airport Rd - Bonifay, FL 32425

Mail: PO Box 756, Bonifay, FL 32425

July 21, 2020

Lynn Abel, Director
Washington County Emergency Management Agency
2300 Pioneer Rd
Chipley, FL 32428

Dear Ms. Abel:

As we discussed by phone this morning, the Airport Authority recently replaced its lighted wind sock, frame and pole. The windsock it replaced was recently declared "surplus" by the Authority.

We are delighted to hear of your need for the windsock, pole, and lighting fixtures, and are happy to transfer them to you free of charge, since they are surplus to us. All we ask is that you contact me or our Airport Manager (Mark Wilson) to work out the details of your picking these up from the airport at your earliest convenience. My cell phone number is 770-329-5400; Mark's cell phone is 850-281-2239.

The nylon sock itself was replaced shortly after Hurricane Michael in October 2018 and is in very good condition. The pole needs to be repainted, which is a simple enough task using orange spray paint. One of your engineers should be able to wire the 120 volt lighting assembly and replace the four outdoor spot lights using standard 120v outdoor spotlights. Normal procedure is for it to be lit from dusk until dawn. I would be happy to aid you if needed or provide advice and help.

We're glad we could put this to a good use from one of our partner agencies. Please let us know, as always, if there is anything we can do for you and your team. This letter shall serve as our confirmation of the donation to you.

Sincerely,

Ross E. Statham, Secretary, Board Member
