---

August 17, 2020

Dear Bay County Aircraft Owner:

We're writing to you because you're a registered aircraft owner in Bay County, and because we thought you may have some interest in the positive changes we're making:

- Effective August 1, 2020, we've lowered the cost of shade hangers to \$60 per month, and tie-downs to \$20 per month.
- We've always had a reputation for great fuel pricing. But for aircraft based on our field we offer an *additional* twenty cents per gallon discount taken automatically at the pump.
- Want to upgrade to an enclosed hanger? Existing tenants renting shade hangers or tie-downs receive list priority over non-tenants on our waiting list.
- We've been given approval by the FAA for a new common traffic advisory radio frequency, allowing us to move off of 122.8 later this year.
- The FAA has approved our migrating (also later this year) from our current "1J0" to a new three-letter designation. This new code will help identify us as a larger public-use airport with a longer runway and automated weather.
- We've extended our taxiways extensively, and lengthened our runway to 5,398 feet.
- Our airport lobby is open 24x7 and has restrooms, a shower, a break room and conference room (and even free snacks).
- We have an active EAA chapter on the field ([www.eaa1464.org](http://www.eaa1464.org)). (I also serve as the EAA Chapter President, so you can direct any EAA questions my way.)

We'd invite you to discuss any particulars with our Airport Manager, Mark Wilson, who can be reached at (850) 547-6519, or myself on my cell at (770) 329-5400. Our website is [www.tricountyairportfl.com](http://www.tricountyairportfl.com). We invite you to check us out-- or come pay us a visit.

Sincerely,

Ross E. Statham, Executive Board Secretary  
For the Tri-County Airport Authority
